

IOQ group seminar with the working groups NLO, QE, XRO, LPT, RLP, APIX and ALP

Summer term 2018

Every Wednesday, 9 am in the conference room of the IOQ

Contact: Annika Schmitt/ Jessica Hopfe annika.schmitt@uni-jena.de; jessica.hopfe@uni-jena.de

Date	Room	Speaker	Group	Topic
11.04.2018	Conference room	Richard Hollinger	QE	Semiconductor nanostructures in stron mid-IR fields
18.04.2018	IOQ-Meetin-Room	Philipp Wustelt	NLO	The heteronuclear limit of strong-field ionization: Ultrashort laser-induced fragmentation of HeH+
25.04.2018	Conference room	Dr. Kai Sven Schulze	XRO	Limitations of the polarisation purity of x-rays
02.05.2018	Conference room	Dr. Sven Bernitt	APIX	Laboratory X-ray Astrophysics with Trapped Highly Charged Ions
09.05.2018	Conference room	Evgenii Liakhov	LPT	CsI detector calibration experiments at Jeti200 laser system
16.05.2018	Conference room	Dr. Jörg Körner	RLP	T.B.A.
23.05.2018	Conference room	Felix Kröger	APIX	Charge State Distributions for Relativistic Heavy Ion Beams at CERN and FAIR
30.05.2018	Conference room	Frederik Tuitje	QE	XUV Imaging
06.06.2018	Conference room	Andreas Seidel	LPT	Recent results on electron acceleration experiments at the JETI200 Laser System
13.06.2018	Conference room	Luise Lukas	RLP	T.B.A.
20.06.2018	Conference room	Rudrakant Sollapur	QE	Nonlinear optics in gas filled Antiresonant Hollow core fiber
27.06.2018	Conference room	Andreas Massinger	RLP	T.B.A.
04.07.2018	Conference room	Abel Woldegeorgis	NLO	T.B.A.
11.07.2018	Conference room	Jan Nathanael	NLO	T.B.A.
